

CODY CARR'S HUNTING ADVENTURES, L.L.C.

www.HuntWithCody.com

Hello from Cody Carr's Hunting Adventures! We want to start by thanking every single client and guide of the 2017 season, because without you none of this would be able to happen. Our family got to spend time hunting together and that always reminds me of what this is all about. My wife and I got to go to Alaska harvesting caribou, a grizzly and a dall sheep. What a cool trip!

We had an excellent 2017 bear season and harvested lots of really big bears, both colored and blacks. Right before our archery season we had fires start from lightning. Our fire season is usually in July and August which produces some great feed for elk and deer in later years, but last year it was during the first part of our hunt. We actually got evacuated twice, but adapted and changed up our lodging and hunting to another area. It really helps having access to over 2 1/2 million acres to hunt when that type of stuff happens. Our rifle season went well and we even harvested a couple of Shiras moose. Lion season was simply amazing and we harvested some absolute giant mountain lions. Thanks to our clients, our great staff and God, who created this beautiful place we call home, for another season!
