Southeast - Our Premium Ranch Hunts

Jim (79 years old) shoots this tremendous 6 by 7, 350 plus bull! Jim shot this bull on his first day of the hunting season. The bulls were screaming and this bull was the 2nd bull we chased that morning. The first bull we chased was a 9 by 7 another mature bull elk!

The southeast premium ranch hunts are on private ranches in Montana above Sheridan Wyoming! These Elk or Mule deer hunts are very limited with high success! The 2022 mule deer hunts were at 100% success, while the rifle elk were 100% successful. The archery elk Darren was 1 of 2 hunters with 1 fatally wounding a 330 class bull later recovered. The other hunter left 2 days early; he didn't want to chase a 340 class bull!

If you are interested in these hunts or others please call John 406-242-0065

Jim's bull elk, what an exciting morning bulls bugling, cows calling and fighting!

Jack harvested this tremendous 6x6 bull elk, Jack is a Montana resident that wanted to harvest a 350 + bull elk! Congratulations Jack you did just that!!

Jack harvested his bull elk! Darrin stuck this bull and busted the front leg. The next day we snuck up on the bull in his bed, he stuck him again about 18 yards! We tracked him the next day, but another bull, coyotes and birds kept him moving. In December the dead bull was recovered about a half mile from where he was last tracked!
